## Soy Ingredients: Soy milk—Liquid & Powder

Superior  
functionality,  
exceptional  
taste...  
naturally!

SunOpta™ is recognized world-wide as the company to rely on for excellent tasting soy beverages. Our products and services range from ingredient formulation and processing to private labeled soy beverages with nationwide distribution. Food manufacturers and retailers depend on our 25+ years of soy milk processing expertise to help them deliver new products to market in the shortest possible time period.

Our fully integrated processing facilities control the entire production in-house, from seed selection to processing and packaging to your specific requirements. The results are soy products with the highest level of consistency, quality and exceptional taste.

SunOpta's liquid and powdered soy milk products are produced from whole soybeans that are selected for their superior food quality characteristics and pleasing flavor. These premium soybeans are then processed using proprietary techniques designed to maintain the full nutritional health benefits natural to the soybean.

Enzyme and anti-nutritional factors are inactivated, while protein, lecithin and polyunsaturated fats of the soybean are retained. These soy milk ingredients are the perfect base for beverages, cultured soy products, frozen desserts and dairy-analog foods. All products are Non-GMO, Certified Organic and Kosher.

### FUNCTIONALITY

- Highly soluble protein
- Pleasing flavor
- Replacement for dairy milk products

### FEATURES & BENEFITS

- Made from whole soybeans (as opposed to highly processed soy isolates or concentrates)
- Smooth mouthfeel
- Dairy, lactose and gluten free

SunOpta soy milk bulk liquid ingredients are shipped in refrigerated transportation. Our spray-dried products are available in poly-lined multi-walled kraft bags and provide the benefit of an extended shelf life of 12 months.

***Certified Organic, Non-GMO and IP Ingredients***

**ASEPTIC AND ESL PRIVATE LABEL PACKAGING.**  
 As a world leader in soymilk production, SunOpta offers turnkey soymilk solutions, from formulation and processing to packaging and distribution. Our services allow your company to create the nutritional and flavor profile you require, packaged in the container of your choice. Choose from organic or non-organic formulations in Aseptic or Extended Shelf Life (ESL) refrigerated packaging.

**Product Specifications\* — Typical Analysis**

Product	Protein	Fat	Moisture	Ash	Total Carbs	Dietary Fiber	Isoflavone Total
<b>Liquid Beverage Bases</b>							
Soy-Um Soy Base	45%*	26%*	86%	6%*	21%*	6.2%*	4.5mg/gm*
Light Soy Base	54%*	16%*	88%	6%*	20%*	3.4%*	3.7mg/gm*
<b>Spray-dried Soymilk Products</b>							
Soy Supreme Basic	40%	18%	4%	6%	32%	16%	3.2mg/gm
Soy Supreme Fiber Reduced	45%	24%	4%	6%	21%	6.2%	4.3mg/gm
Soy Supreme Light	54%	16%	4%	6%	20%	3.4%	3.6mg/gm
Soy Supreme Kreme	26%	56%	3%	5%	10%	5.5%	2.1mg/gm

\*These values based on dry solids.

**Application Chart**

Product	Soymilk Beverage	Soy/Juice or Smoothie	Instant Beverages	Cultured Soy	Frozen Dessert	Pudding	Cheese Analog	Nutritional Bar	Sauce/Gravy	Non-dairy Creamer
<b>Liquid Beverage Bases</b>										
Soy-Um Soy Base	5	5	0	5	5	5	2	0	5	5
Light Soy Base	5	5	0	5	5	5	2	0	5	5
<b>Spray-dried Soymilk Products</b>										
Soy Supreme Basic	1	1	1	4	3	3	5	5	3	1
Soy Supreme Fiber Reduced	5	5	5	5	5	5	3	4	4	4
Soy Supreme Light	5	5	5	5	5	5	3	4	4	3
Soy Supreme Kreme	5	5	5	5	5	5	3	4	5	5

Application chart rating of high (5) to low (1) on recommendation for application
